

# Revision checklist: Edexcel GCSE history

## Germany, 1918-1939

### How to use your revision checklist

<input checked="" type="radio"/> The Medieval doctor	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>
<input checked="" type="radio"/> Influence of the Catholic Church	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
<input checked="" type="radio"/> What life was like	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
<input checked="" type="radio"/> Life expectancy in medieval England	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
<input checked="" type="radio"/> Renaissance, Scientific Revolution and Enlightenment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

To use your revision checklist just tick where you are with each topic heading, ticking from left to right when you learn more about that topic.

The circle on the left represents very little knowledge and the blue circle on the right means you know it really well and you are exam ready. We would recommend that to say you are exam ready when you feel you could answer an exam question of some kind on that specific area of the course. So you would rate your level of knowledge on a spectrum from left to right:

← very little      ok      good      exam ready →

<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
-----------------------	-----------------------	-----------------------	----------------------------------

# Revision checklist: Edexcel GCSE history

## Germany, 1918-1939

### Chapter 1: Background - from Prussia to Germany

<input checked="" type="radio"/> German unification	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
<input checked="" type="radio"/> The Kaiser and his ministers	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
